2 people have recommended Michael

"Mike McCurry is an excellent graphic designer specializing in interactive web design. He's constantly exploring new ideas in all types of media and integrates that inspiration into a unique and personal style. A real pleasure to work with - cool, calm and collected personality. Mike rocks."

— **Rich Siegle**, *Director of Branding, Fender Musical Instruments Corp.*, managed Michael at Fender Musical Instruments

"I'd like to think that I had at least **some** small part in Mike's transformation from interactive designer to interactive design **guru**. Mike's work is consistently high on artistry and functionality -- he's an uber creative individual who has done some simply phenomenal work during his Fender tenure."

— **Brad Traweek**, *Manager of Web Development, Fender Musical Instruments*, managed Michael at Fender Musical Instruments
